# Codeaholic

*A free coding competition to embrace your skills*

*powered by* **H** HackerRank

*Greetings, everyone!*
We at **Debughut** are here to make your lockdown more exciting and so we are back with another event **CODEAHOLIC**!
To build a competition among the students and provide learning opportunities to find their engrossment.
In the event student from any honored college can submit their code.

## 16-22 May 2020

## RULES

Competitive programming problems would be given. 2 problems to BCA students and 5 problems to BTECH students.

In order to score, one needs to open the corresponding link and submit their code in the website itself. You would need to register yourself first before submitting the code.

If you have any issue please feel free to contact debughut@gmail.com with your Name College and Enrolment No.

Code can be done in any one of the following programming language C, C++, Python, Java.

Results will be declared online at debughut.github.io/codeaholic.

Code should be genuine. In case of plagiarism, concerned students will be disqualified.

Students should submit their codes by 22nd May 2020. After that, none of the submissions will be approved.

Winners will be announced after the completion of the event. Exciting prizes for the top three participants, remaining participants will get a participation certificate.
